

Leaflet for Uroprost® Capsules

UROXEN® Capsules

Dietary supplement

UROXEN® Capsules is a dietary supplement with the extracts of the pumpkin seed, sabal/saw palmetto fruit and Tribulus fruit, and with zinc, formulated for the urogenital tract of men. It is recommended for men who wish to improve their sexual and urogenital health, frequently urinate at night or have urgent urination issues, have bladder control or incomplete bladder emptying issues.

The sabal palm improves prostate health and reproductive function, and supports urinary function in men aged over 45 years with benign prostate hyperplasia.

Tribulus improves sexual function and normal hormonal activity.

Zinc contributes to normal fertility and reproduction, helps to maintain normal blood testosterone level, and protects the cells from oxidative stress.

Active ingredients	1 capsule (550 mg)	100 g of the product	% NRV*
Dried extract of pumpkin seed (<i>Cucurbita pepo</i>) DER: 15-30:1	150 mg	27.3 g	-
